

GEORGIA BUREAU OF INVESTIGATION

GEORGIA LAW ENFORCEMENT

Criminal Intelligence Analysis Certification Program

The Georgia Bureau of Investigation developed and implemented a training and professional development certification program for all Criminal Intelligence Analysts in the State of Georgia. The program serves to demonstrate a clear recognition of the increasing importance of Intelligence collection and analysis by law enforcement, and the critical role of highly-trained analysts in this regard.

The program is a GBI project and will be governed and managed by the GBI. Governance of the program will be by a board chaired by the Director of the GBI. Day-to-day management and administration will be by the Special Agent in Charge of the Georgia Information Sharing and Analysis Center (GISAC).

PROGRAM BENEFITS

Will professionalize and enhance the practice of intelligence collection and analysis in order to maximize the benefits derived from the intelligence

Will instill and promote professionalism and leadership within the analyst community in Georgia

Will enhance a recognition of the professional role of the law enforcement analyst, and will promote the growth of this critical profession throughout Georgia law enforcement.

Will help develop career track opportunities for analysts and aid in professional growth and general work performance.

PROGRAM DESIGN-LEVELS OF CERTIFICATION

Level One is the "Basic Level", and is designed for new or beginning analysts or those with less than five years' experience performing the work of an analyst.

Level Two is the "Practitioner Level", and is designed for analysts who have successfully completed training in the Basic Level curriculum, and who have at least five years' experience performing the work of an analyst.

WHO CAN APPLY

Full time employees of a State or Local Law Enforcement Department within Georgia

Full time intelligence analysts, or those who perform dual functions in both crime and intelligence analysis.

Full time crime analysts who will transition to the role of intelligence analysts, or will perform dual functions in both intelligence and crime analysis.

Full time criminal investigators whose responsibilities include performing Intelligence analysis for their departments.
